

# HEY MOM!

We are so excited that you have decided to complete this study with your daughter!

Tara-Leigh Cobble's study on the intimidating doctrine of the Trinity will help you discover a beautiful, foundational view of our Triune God that transforms how you relate to Him. Over seven sessions, you and your daughter will learn about God's three-in-oneness and discover the joy that comes from knowing Him!

## YOU WILL NEED:

- *He's Where the Joy Is: Women's Bible Study Book* for yourself
- *He's Where the Joy Is: Teen Bible Study Book* for your daughter(s)
- *He's Where the Joy Is* video sessions (purchase or rent)

## HOW TO UTILIZE YOUR MATERIALS TOGETHER

### WATCH

- Watch the weekly video with your daughter.
- Utilize the questions found under Review and Discuss of each week's Group Time section located in the teen girl Bible Study Book. Close your time in prayer.

### A note about the video content:

When studying together, you are welcome to watch the teen girls' or women's videos. Please note that in the women's version of the videos, there will occasionally be a reference to women and moms that would not be found in the teen version of the videos. However, there are no potential areas of concern if you choose to watch the women's version.

## STUDY

As you both work through your individual Bible Study Books, you will discover that the teen version might be slightly different, as we altered some language and content to be appropriate for teens. However, there are very few differences in the studies, and we encourage you to discuss what the Lord is teaching you individually.

## CONNECT WITH HER

- Plan days each week to do the daily reading and study sections together to keep each other accountable.
- Memorize the weekly Scripture together.
- Be open with your daughter throughout the week about things you learn or have questions about. Provide a safe place for her to do the same.
- End each week by doing the weekly challenge and prayer walk together.
- Don't stress! Some weeks will be easier than others to accomplish the personal study days. Just keep pressing forward and making it a priority to meet together each week regardless of how much personal study work was actually completed.
