Read Me First! **The Gospel Project for Adults Launch Kit 2024**

Thank you for choosing The Gospel Project for Adults for your church curriculum! The upgrades coming in the Fall of 2024 to The Gospel Project for Adults may require more attention than in the past as we have new updates that we hope will foster more growth and discipleship. The items included in this Kit will help your leaders and group members better understand the upgrades to the adult resources and how to get the most out of the resources.

Suggested Actions to Take

1. Become familiar with the resources.

Review the Adults Preview Guide to get a clear view of the Fall 24 resources (Guide included in file set).

2. Notify your group leaders of the beginning of a new cycle of study.

Fall 2024 marks the beginning of a new 3-year study cycle for The Gospel Project. Make sure everyone knows that the adult resources have been updated with the start of the new study cycle.

3. Plan and conduct training.

Use the Planning a Leaders' Training Session provided in the For the Church Leader folder to train your current and potential group leaders so they can get the most out of the resources. Be sure to view the Modeling Active Learning when Training video (also found in the For the Church Leader folder) to get a better handle on the value of modeling the active teaching approach while training.

4. Create a strategy for using the provided videos and scripts.

Additional videos are provided that can help you train your leaders. The scripts are provided so you can make the same presentations live if you desire.
