

## BUILDING A FOUNDATION FOR GODLY MANHOOD

# THE TITUS TEN

## Bible Study For Teen Guys

### HEY DADS!

We are so excited that you have decided to lead your son through this book! It's safe to assume that if you are leading your child in a Bible study at home, you care deeply about your child growing in his faith. That's what this book is all about. *The Titus Ten* will help you build a foundation for godly manhood in the life of your son. It explores ten building blocks all found in the short book of Titus. Who knew so much depth and life could be packed into only forty-six verses?

Helping your son know Jesus is the most important role you have as a parent. This book will help you with this important task. You don't have to be a master teacher or an expert to lead your son through this book—just be willing to have discussions with him and turn to God's Word for the answers. It would also be counterproductive for you to help your son open his heart to God if you are not willing to let Him have the same effect in yours. Can you imagine how amazing it would be for the two of you to open your Bibles together and see what God has to say to you both? This can change both of your lives!

#### NOTICE

You can find tips for how to use this study beginning on page 6 of the book. These tips will be helpful not only for you as you lead but also for your son as he participates in the study. #### STUDY

*Don't forget to pray!*

As you work through *The Titus Ten*, we encourage you to discuss what the Lord is teaching you personally. You'll be most productive in leading if you complete each session of study. Gently encourage your son to stay on track and push yourself to do the same. We realize your lives are busy and that many teens are stretched too thin, but this book will be most effective when students work through it one day at a time rather than cramming just to get it done.

## CONNECT

- Set aside time each week to work through the book and keep each other accountable.
- Be open with your son throughout the week about the things you are learning or have questions about. Provide a safe place for him or her to do the same.
- Don't stress! Make a plan and follow through. If you need to go at your own pace, that's fine. Just don't give up if the road gets rough. The destination is worth the journey!
