we dno't undrestnad
teh bascis.

It's easier to love the church when you understand it.

This new six-session Bible study covers key essentials of the church: things you may know something about (baptism, the Lord's Supper, stewardship, and the Great Commission) and points that are much less understood (church leadership and church discipline). Whether you're new to the pew or an esteemed elder, this study will help get everyone on the same page—so the world can see and hear one clear message that glorifies God.
